

NAS Introduction to Foreshore and Underwater Archaeology

Saturday 8th March

West Wales Diving Centre, Pembrokeshire

This one day course will introduce the NAS and nautical archaeology

The day offers a mix of theory and practical sessions covering topics such as ‘*What is Archaeology?*’ and ‘*Archaeological Dating Methods*’.

Hands on survey tasks will teach you some 2D survey methods on dry land before the chance to test your skills in a swimming pool

JUST £25

Book your place today. Contact the NAS office on 02392 818419 or visit www.nauticalarchaeologysociety.org for more information
